

## PRESS RELEASE.

### **Mania Belgium NV appoints Adeon Technologies BV as agents in UK, Ireland and The Netherlands.**

Mania Belgium NV (formerly Barco) announces the appointment of Adeon Technologies BV to handle their sales and marketing activities in the UK, Ireland and The Netherlands.

Adeon will handle the full range of Mania Belgium's products, the SilverWriter and Calibr8tor series of laser photoplotters as well as the UCAM family of front-end software, the Integr8tor PCB sales solution and the recently introduced SmartPlate, innovative software for reliable plating.

Karel Tavernier, Managing Director of Mania Belgium, explains: "The UK, Ireland and The Netherlands are important markets for us, so we have been looking for a dynamic partner who is well established and well respected in these areas. We are very pleased to have signed this agreement with Adeon with whom we have had good relations for more than two decades."

Andre Bodegom, Managing Director of Adeon Technologies BV, adds: "We are delighted to be working in partnership with Mania Belgium. Their plotter and software products are a perfect complement to our existing product range and allow us to offer our customers in the bare-board PCB industry a complete hardware and software solution. The synergies between Mania Belgium's software products and our current range of production and test equipment will bring important gains in productivity to our users."

The agreement covers sales and marketing. Hardware and software support will continue to be handled directly from Mania Belgium's headquarters in Ghent.
