

PRESS RELEASE

Ucamco (former Barco ETS) appoint WKK as its distributor for China.

Ucamco (former Barco ETS) announce the appointment of WKK as its distributor for China. WKK will handle the full range of Ucamco's products, the SilverWriter and calibr8tor series of laser photoplotters as well as the UCAM family of front-end software, the Integr8tor PCB sales solution and the recently introduced SmartPlate, innovative software for reliable plating.

Karel Tavernier, Managing Director of Ucamco, explains: "China is the major growth market for us, even in the current economic conditions, so we have been looking for a dynamic partner who is well established and well respected in these areas. We are very pleased to have signed this agreement with WKK with whom we have had excellent cooperation in the past."

Hamed el-Abd, President of WKK Distribution, adds: "We are delighted to be working in partnership with Ucamco, whom we know well from the past. Their plotter and software products are a perfect complement to our existing product range and allow us to offer our customers in the bare-board PCB industry a complete hardware and software solution. The synergies will bring important gains in productivity to our users."
