

PRESS RELEASE.

Ucamco appoint Gabriel Benmayor SA as agents for Spain and Portugal.

Ucamco (formerly Barco ETS) announces the appointment of Gabriel Benmayor SA to handle their sales and marketing activities in Spain and Portugal.

Gabriel Benmayor SA will handle the full range of Ucamco's products, the SilverWriter and Calibr8tor series of laser photoplotters as well as the UCAM family of front-end software, the Integr8tor PCB sales solution and the recently introduced SmartPlate, innovative software for reliable plating.

Gabriel Benmayor has 40 years experience in the Iberian PCB market both producing own equipment and distributing and supporting products from other manufacturers across the world.

Eduardo Benmayor, Managing Director of Gabriel Benmayor, comments: "Ucamco's range of plotters and front-end engineering software fits well into our portfolio of advanced drilling, AOI and digital printing equipment. Ucamco's products are already well-known and trusted in Spain and Portugal. By combining them with our current products we look forward to developing innovative production and test solutions for new and existing customers".

Karel Tavernier, Managing Director of Ucamco, adds: "It is important for our customers that we have a strong local presence in each market area. Gabriel Benmayor's long experience of the Iberian PCB market and their range of complementary products make them our ideal choice of partner for Spain and Portugal."

The agreement covers sales and marketing. Hardware and software support will continue to be handled directly from Ucamco's headquarters in Gent.
