

PRESS RELEASE

Ucamco - former Barco ETS - , a leader in laser photoplotters and software for the PCB industry, and LMCIS announce the appointment of Photo Chemical Systems as sales agent for the states of New York, Pennsylvania, New Jersey, Maryland, Virginia, North Carolina, South Carolina, Georgia and Florida.

Photo Chemical Systems will sell the full range of Ucamco's products, the **SilverWriter** and **Calibr8tor** series of laser photoplotters, as well as the **Ucam** family of front-end software, the **Integr8tor** PCB sales solution and **SmartPlate** Ucamco's new software to increase plating reliability.

Preston Averette, President of Photo Chemical Systems, says: *"We have sold the Barco plotters and CAM software in the past. We are particularly looking forward to promoting Ucamco's new products, such as the Integr8tor solution, which we feel is one item that many shops could use in these economic times to quote faster and more accurately while reducing cost at the same time."*

Karel Tavernier, Managing Director of Ucamco, says: *"Photo Chemical Systems will be directly supported by Luc Maesen from LMCIS LCC, Ucamco's branch in the USA. Luc has an unrivalled in-depth knowledge of our products and will work closely with Photo Chemical Systems to develop the best CAM and plotter solutions for our customers in their area."*

Luc Maesen, President of LMCIS LLC, says: *"Photo Chemical Systems familiarity with the Ucamco products goes back many years to the time when Ucamco was still known as Barco ETS. I am honored that I will be able to work with Preston and his colleagues once again to promote all these great products."*

About LMCIS LLC

LMCIS LLC provides sales and support for all the Ucamco products and solutions in North America. For more information, visit <http://www.lmcis.com> or call (949) 632.6895.

About Photo Chemical Systems

Since 1972, Photo Chemical Systems has delivered high quality products and personalized service to customers in the Screen Printing, Printed Circuit Fabrication and Flexo Printing & Converting industries. Photo Chemical Systems is located in Knightdale, North Carolina. For additional information, visit <http://www.photochemicalsystems.com> or call (919) 266.4463.

About Ucamco

Ucamco (former Barco ETS) is a market leader in the design and manufacturing of PCB CAM and laser photoplotting systems with more than 25 years of continuous experience in developing, supplying and supporting leading-edge front-end tooling solutions for the global PCB industry. For more information, visit <http://www.ucamco.com>.
