

Eurocircuits purchases Ledia 5S direct imager from Ucamco

December 8th 2014 - Eurocircuits, a leading European PCB prototype manufacturer has purchased a Ledia 5S direct imager for its manufacturing facility in Eger (Hungary).

Luc Smets, managing partner at Eurocircuits explains: "This year we will serve about 9000 customers with prototypes and small batches of PCB's. this results in roughly 80.000 orders to be processed. We need state of the art equipment to follow the rising demand of our customers both in complexity and variety of orders. The Ledia will help us to achieve our goal : to provide our customers with a wide range of PCB technologies in our cost-effective order pooling system, faster and with higher reliability. "

About Eurocircuits

With its headquarters in Mechelen, Belgium, and manufacturing facilities in Germany and Hungary, Eurocircuits N.V. is a European reference for prototypes and small series PCBs. Drawing on over 40 years' expertise in PCB manufacture, Eurocircuits offers its services through a dedicated online portal that makes PCB procurement fast and easy . Eurocircuits developed an online PCB pre-CAM tool based on UCAMCO's Integr8tor, delivering instant PCB prototype prices and providing a smooth and error-free ordering process to its customers. By pooling multiple orders and by making the most of its broad online presence, Eurocircuits keeps its clients' costs down while ensuring that its quality products are delivered fast.
