

Techno-Service installs Ledia Direct Imager

Gdansk, Poland - October 20, 2014 – Techno-Service S.A. TS PCB, Poland’s largest PCB manufacturer, has expanded its modern machine park with a Ledia Direct Imager. With this new 3-head imager, Techno Service strengthens its commitment to its customers, offering top quality PCBs at a competitive price. Prior to purchasing the system from Ucamco, the company carried out extensive benchmarking tests that confirm that Ledia imagers are faster and offer lower operational costs than other imagers from established vendors. The tests also prove that Ucamco provides top quality, affordable equipment that is accessible to medium sized companies
