## Display top and bottom in realistic colors

This script True\_Colors\_Top / True\_Colors\_Bottom displays the layout from top or bottom in realistic colors.

You can use the scripts as an icon on your toolbars , manually with the Visual Hyperscript Editor or in the n Visual Hyperscript menu.

Place the color schemes in your Ucamco\home folder (not in a subfolder).

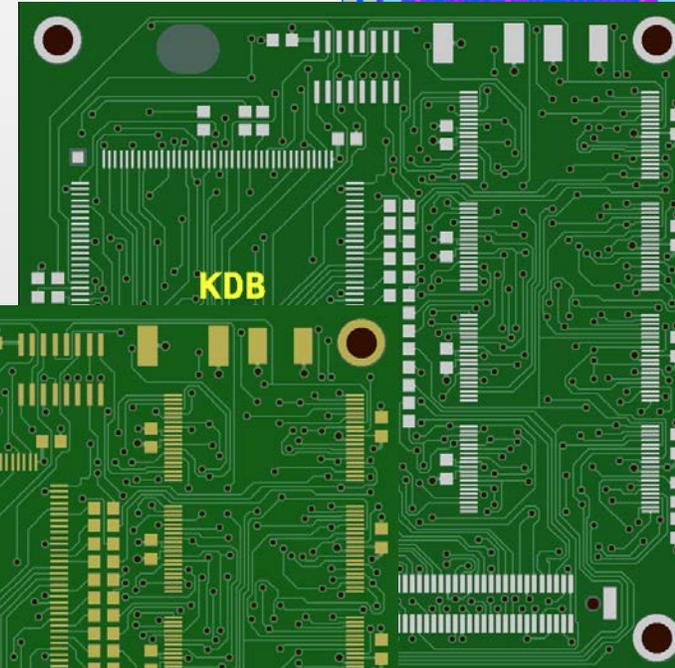

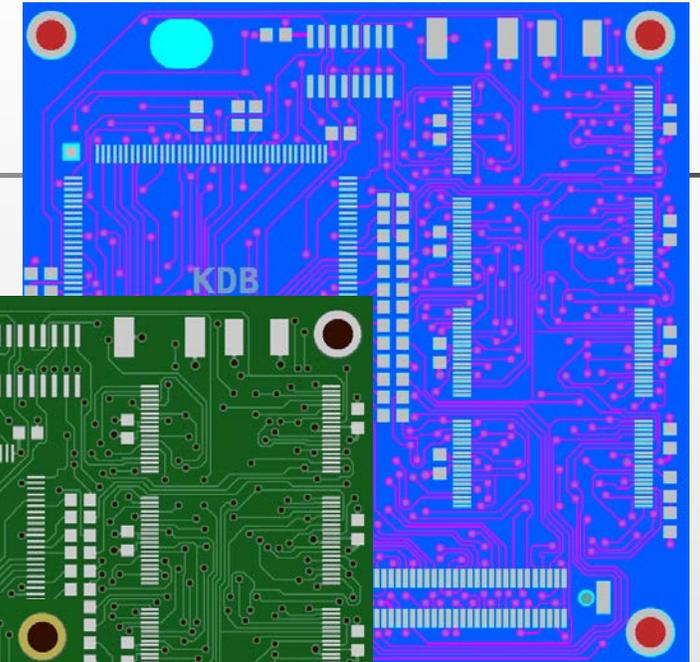

Start the script – choose a color scheme and you get a much more realistic view how the PCB will look like.

Please find the color schemes and files here:

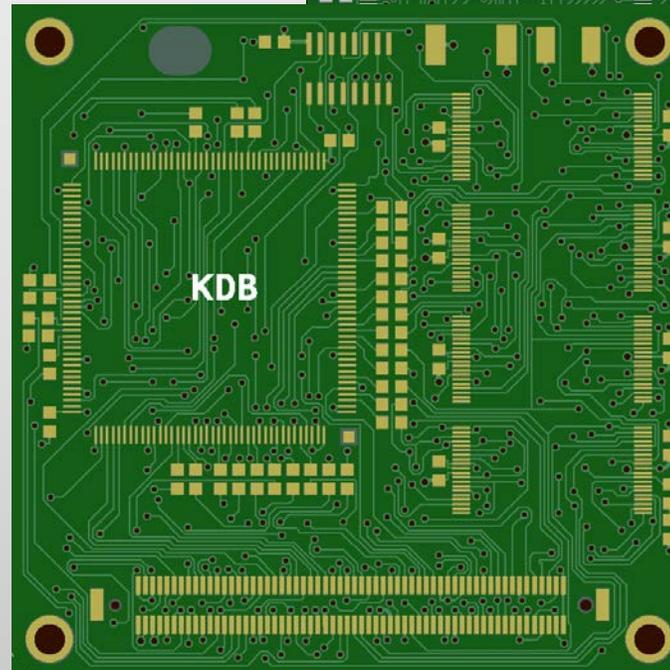

True-color-set

Original

Simulated finished surface in silver

Simulated finished surface in gold
